A WORD FROM OUR MANAGING DIRECTOR

Dear reader,

A new year is upon us, and for those who look for a fresh start or momentum, this is the time to do it. Even though at any moment in time you can make resolutions, there is a level of excitement about the start of something new.

At NFCC we embrace the new year with a bit of newness: We have the honour to welcome Janet Dekker and Thomas Labergère who joined the executive and administrative board respectively. Close readers of the newsletter may have noticed some changes in our visuals - and there will be more to come.

Besides these changes, we also keep the current: an increasing line in setting up introductions and organising events in France and in the Netherlands. We start the year well by organizing several events for which I refer to the event section and nfcc.fr/events

The human instinct to seek renewal at a particular time in the year seems irrational, but then there is the excitement for a clean slate and the wish to improve: we look forward to the stories about your development, which is a resolution we made in January 2021!

STORY OF THE MONTH

Exciting news! The Netherlands France Chamber of Commerce has relocated to a brand new office at 41 rue de la Chaussée d'Antin 75009 in Paris. To celebrate this milestone, we invite you to our **New Year's Networking Drinks** on January 18th, 2024, at our fresh and vibrant location in the city center of Paris.

This event also offers an excellent opportunity to network with industry peers and kick-start the year with new connections. We're excited to welcome you to our new space and share this special occasion together. Here's to new beginnings and prosperous collaborations!
