A WORD FROM OUR MANAGING DIRECTOR

Dear reader,

Intentional introductions, or matchmaking, takes centre stage at the association. These introductions unite professionals, creating advantageous connections that consider both offer and demand.

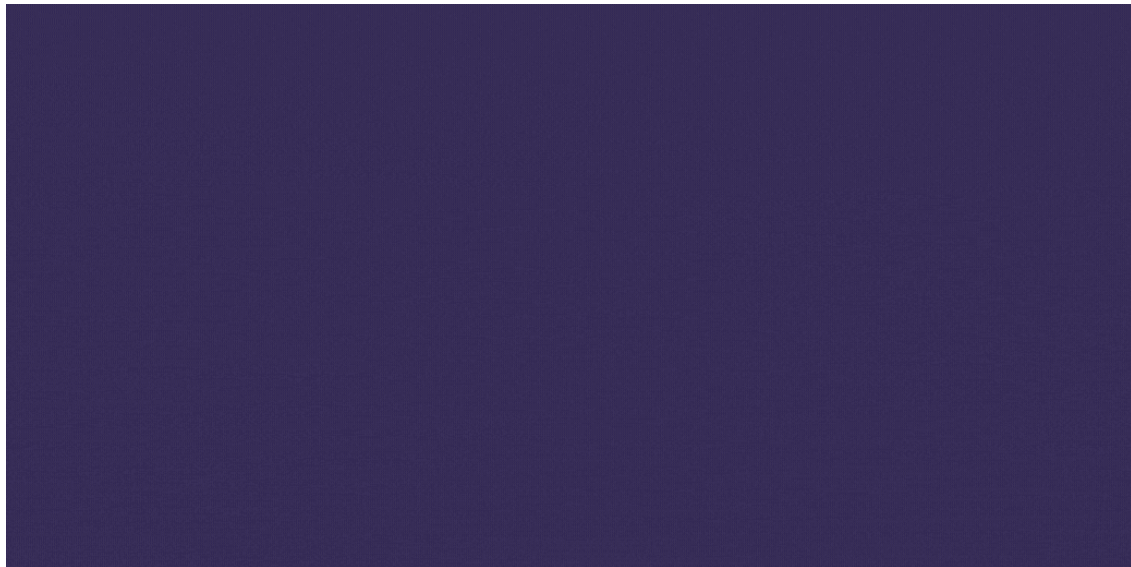

Last year, we launched a matchmaking program: a tailor-made service for Dutch entrepreneurs interested in the French market. This program serves as a catalyst for strategic collaborations for entrepreneurs. It meticulously pairs companies, with the intention of a potential collaboration. More information on the program [via this link](#).

At NFCC we prioritize introductions for each member, exemplified by our (New) Members Meeting on 7th of February – an online interactive speed dating session. 1st of March marks the start of a Global Market Entry Program, a collaboration with HAGUE & Partners guiding five Dutch companies through individualized matchmaking and workshops.

All these initiatives aim continued growth and success for Dutch companies. Our goal is clear – to create an ecosystem where businesses flourish through purposeful connections!

The NFCC rings in 2024 with the "New Year, New Office" Event

On January 18th, we hosted our first networking cocktail of the year, titled "**New Year, New Office**," at our recently unveiled space on rue de la Chaussée d'Antin in Paris. From 18:30 to 20:30, members and friends of the NFCC, including H.E. Jan Versteeg, Ambassador to the Kingdom of the Netherlands in France, gathered at our new office in MOZAIK Coworking for an intimate celebration.

The event, aimed at connecting on a personal level, provided an ideal setting for our diverse community to mingle and share aspirations for the upcoming year. The first networking cocktail of the year was more than a toast to success; it was an opportunity for genuine connections. As we move forward into 2024 we are excited to host many more of these events, each contributing to a shared journey of success!
